### Refer to sources in the text (in text notes)

**Note:** in text notes with pagenumbers.

**One author**

Classical languages and Mediterranean archeology are closely intertwined (Woltjer 2007, 23).

**More than one author**

Amsterdam is described by tourists as a city of canals and coffee shops (Ashworth & Kavaratzis 2007, 43).

**Insertion**

These authors have indicated that they reject this view (Van Steen 1998; Van der Sloot 2005, 96).

**Multiple publications from one author**

This author has indicated in various publications that she rejects this view (Janssen 2008a, 12; 2008b, 144).

**Multiple sources**

According to some authors, opinions on this subject vary widely (Koster 2004; Pellenbarg & Van Steen 2007, 35).

**Quotes and page numbers**

"Migration and mobility also play an important role in the world of prehistory" (De Groote and Huigen 2010, 31).
